*Director, University Planning & Development Office  
Central Mindanao University*

Dear Engr. Agbayani

Good day!

We are third year students from the College of Information Sciences and Computing. We are currently taking IT 100.1: Capstone 1 for 3<sup>rd</sup> year BSIT students. One of the requirements of the course is to conduct a capstone on developing an isometric map for Central Mindanao University. Our capstone project is entitled "Central Mindanao University Isometric Interactive Map Application". We the proponents of this project aim to develop an application that will help the students navigate within the CMU Campus.

In this connection, we would like to request for support by providing data and information on the following:

- The internal building layout or floor plan of college buildings in Central Mindanao University. Namely;
  - College of Agriculture
  - College of Arts and Sciences
  - College of Commerce and Accountancy
  - College of Education
  - College of Engineering
  - College of Forestry
  - College of Home Economics
  - College of Nursing
  - College of Veterinary Medicine

Additionally, we would like to seek your understanding regarding the possibility of us going back to the office to ask for further details in the future if needed.

The data gathered and results of the exercise are for academic purposes only. We appreciate your time and help in this academic exercise.

Thank you very much and more power!

Respectfully,

KAHLIL ROSS M.
